

Delivery Route Legend

* Delivery Route Numbers have 4 characters.

* The **first** character is a number indicating the week of the month (Week 1 through Week 5). Check your calendar to be sure you are using the right week! If Thursday is the first of the month, that's the first Thursday.

* The **second** character is a letter indicating the day of delivery.

Monday = A, Tuesday = B, Wednesday = C, Thursday = D, Friday = E.

Ex: Route 1EO1 is the first Friday of the month.

* The **third** (L or O) & **fourth** (numeric) characters are for FMP internal use.
