

An UPDATE for PARTNERS of FEED MY PEOPLE

PLEASE send back your Banana Boxes with your delivery drivers ASAP! It's **Applepalooza** this week at FMP! We have LOTS of awesome volunteers coming in to the foodbank to help us with repacking so we can get apples and all of our other repack products out to you and your guests. Thank you for your help with this. We appreciate it!

Apples, Apples, and MORE Apples!

We, here at Feed My People, have committed to subsidizing the cost of ALL produce through the end of 2024. We need YOUR help to move this produce out of our warehouse and into the hands of your hungry guests! We have apples available in lots of different quantities, but if you would like a **LARGER** quantity, please reach out!

1/2 tote = 300-400 lbs.

full tote = 600-700 lbs.

You are welcome to request either of these quantities. They will be on a pallet. You need to either be able to bring the pallet inside or bag/box the apples upon delivery to carry inside. Just call us at **715-835-9415 ext. 5** and we will add it to your order.

MealConnect is Updating

MealConnect, the website and app used for tracking Food Rescue pounds, is making some small updates. Don't worry though, things won't look any different for Food Rescue partners! The one change that may impact you is around late receipts. Going forward, receipts received later than the 5th of the following month will create a pop-up alert, and we will also follow up directly. As a reminder, anyone participating in Food Rescue through Feed My People, including with national partnerships like Kwik Trip and Dollar General, and some local stores facilitated through FMP, should be tracking pounds in **MealConnect** a minimum of monthly.

If you have any questions, could use assistance learning the **MealConnect** system, or want to verify which of your Food Rescue partners are tracked in **MealConnect**, please reach out to Rin Kilde, Partnership and Food Rescue Coordinator, at rin@fmpfoodbank.org or (715) 835-8415 ext. 121
